

LAMINATED PLAQUES

"It's All About The Finish"

Each handsome laminated plaque transforms the material it protects into an aesthetically appealing showpiece. Awards, diplomas, certificates, and photographs are beautifully enhanced and permanently preserved.

Our Custom Deluxe Plaques provide an attractive and economical alternative to framing and a permanent safeguard against deterioration. Prior to the laminating process, we enhance your plaque's natural beauty by applying the wood grain finish or color you have selected.

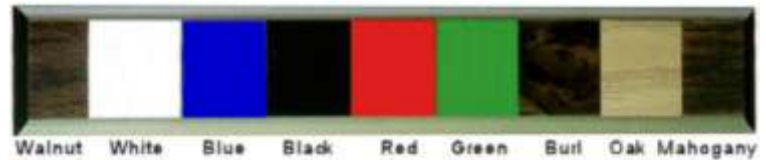

Material to be laminated is edged in your choice of gold, silver or black, white, walnut to match the plaque's beveled outer edges. Each plaque is then hand-worked through a 26-step process that blends advanced technological skill with traditional New England craftsmanship.

The end result is a plaque you'll be as proud to present as its recipient will be to accept. You'll make a lasting impression with this distinctive piece that will enhance the decor of any office or room setting.
